CRIMEOPHOBIA
VENTURES

INTRODUCTION

Crimeophobia Ventures is a global leader in criminology, enhancing security and legal compliance. With roots in London and operations in Mumbai, we specialise in security and legal audits, leveraging AI and scientific crime analysis to combat organised crime and strengthen national security. Our holistic approach includes probono initiatives and victim support under the "Ministry of Happiness," delivering evidence-backed remedies and subject expert reports compliant with legal frameworks. Spanning sectors like Legal, Defence, and Education, we redefine criminology to safeguard communities and inspire change.

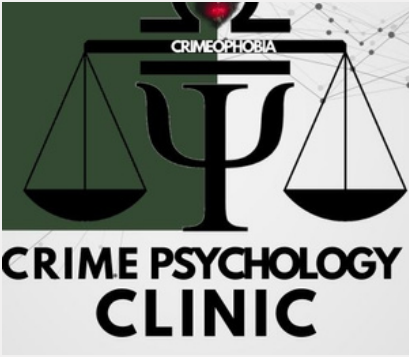

LITIGATION

Crimeophobia is a leading global 'Criminology Firm,' employing a scientific approach to study crime and criminal behaviour, offering personalized legal remedies through prescriptive and predictive models. Devoted to research and education for both public and private sectors along with families, we integrate diverse disciplines like Criminology, Sociology, Policing, Politics, Governance, Media, Law, Religion, Culture, and Gender before providing a legitimate solution towards the conflict. Our mission is to foster societal change through a balanced fusion of cultural and technological management techniques.

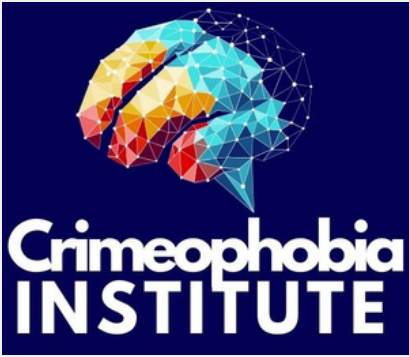

SECURITY

Revolutionize law enforcement with our comprehensive suite of battlefield management, predictive policing, and crime analysis tools. Crimeophobia concentrates its efforts within the Defence Sector, particularly on the 'Battlefield Management System.' This system is designed to create Psychological Warfare techniques aimed at addressing conflicts in various settings such as border areas, homeland security, corporate environments, and domestic locations. Our primary emphasis lies in Security and Legal Audits, wherein we employ Predictive Policing and Analysis techniques alongside Extra-Sensory Perceptions to enhance the effectiveness of our strategies.

MENTAL HEALTH

Our clinic specializes in Neurocriminology and is at the forefront of Mental Healthcare Rehabilitation. We pioneer innovative approaches, including Solution-Based Therapy and Counseling, to address issues arising from criminal and legal experiences. Founded by Criminologist Snehil Dhall, he introduced the groundbreaking concepts of Post-Crime Trauma and Criminal Behavior Syndrome. Our mission is to provide comprehensive clinical support, focusing on rehabilitation and promoting overall well-being for individuals affected by these challenges. As a Victim Support Center, we are committed to providing specialized care tailored to the unique needs of victims.

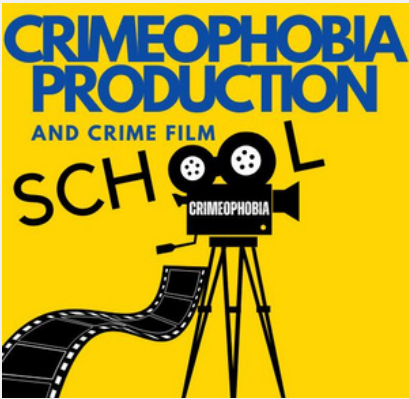

EDUCATION

The Institute, under the Ministry of Happiness, offers internships and probono education in anti-criminal and anti-terrorism rehabilitation, along with specialized alternative programs in Integrated Criminology. Our cutting-edge curriculum includes Applied Criminal Psychology, Curiosity Criminology, Transnational Organized Crime & Defence Management, and Predictive Policing Analytics with Extrasensory Perception, equipping professionals to address modern challenges. With an in-house Think Tank, our groundbreaking research is submitted to Indian and UN authorities, advancing advocacy and innovation in criminology.

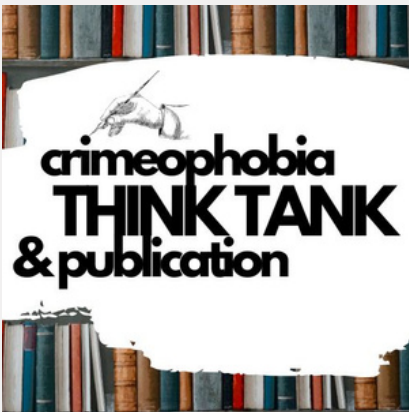

NEWS

Crimeophobia News, our official digital news portal on LinkedIn and YouTube, is registered with the Ministry of Information and Broadcasting, Government of India. As the official voice of Crimeophobia - A Criminology Firm, we provide updates on cases handled by our team and share our insights on current affairs. Our primary focus is to deliver detailed case reports, highlighting the strategies employed by Crimeophobia to resolve complex cases. Through our platform, we strive to enhance public awareness about criminal justice issues and promote evidence-based approaches to crime prevention and investigation.

FILM MAKING

Crimeophobia, an unexpected entrant into the filmmaking world, initially aimed to visually represent the intricacies of Indian criminology. This journey has transformed us into Producers and Criminology Creative Experts for the Film, TV, and OTT industries. While our initial focus was on educational, criminology-based projects, we have now expanded our horizons to include mainstream commercial ventures. Our Film School trains Actors, Directors, Producers, and other industry professionals in understanding crime and criminal behavior to ensure authentic and impactful portrayals. We strive to bridge the gap between the real world of crime and its cinematic representation.

BOOKS

Crimeophobia Think Tank and Publications is a platform dedicated to showcasing the work of our Founder and the Crimeophobia Team. We publish books, journals, research papers, and other crime-related literature from scholars worldwide. Our in-house printing support allows us to explore a vast collection of insightful publications in the field of criminology. Through our Think Tank, we strive to advance the understanding of criminology's relevance in everyday legal proceedings. Our goal is to foster knowledge sharing and promote critical thinking within the criminology community. Our Think Tank is committed to conducting cutting-edge research and developing innovative solutions to address complex criminal justice issues.

RETAINERSHIP

OUR SERVICE PRODUCTS

Litigation: Evidence-Based Security & Legal Audit

Crimeophobia's Evidence-Based Security & Legal Audit Retainership offers corporate clients a comprehensive solution to mitigate risks, ensure compliance, and foster resilience. As a globally renowned Criminology Firm, we employ scientific methodologies to analyse crime and criminal behaviour, delivering tailored remedies through advanced prescriptive and predictive models. Our retainership integrates insights from Criminology, Sociology, Policing, Politics, Law, Media, Culture, and Gender Studies to craft evidence-backed recommendations supported by documented witness testimony, ensuring reliable and enforceable outcomes. We conduct Mental Healthcare, Legal, and Security Audits to identify vulnerabilities, enhance safeguards, and ensure compliance with laws and standards. Our team prepares and implements Subject Expert Reports aligned with the laws of the land, leveraging a fusion of cultural understanding and cutting-edge technology to address modern challenges. With proactive audits, strategic conflict management, and criminology-driven solutions, we help secure operations, protect stakeholders, and create a safer, happier, and more productive organisational environment.

Mental Healthcare: Criminal Psychology Profiling & Therapy

Crimeophobia's Criminal Psychology Profiling & Therapy Retainership provides corporate clients with specialized mental healthcare solutions rooted in Neurocriminology and Applied Criminal Psychology. Leveraging the expertise of our founder, Criminologist Snehil Dhall, who introduced key concepts like Post Crime Trauma and Criminal Behaviour Syndrome, this service addresses mental health challenges stemming from criminal, legal, and workplace experiences. We offer comprehensive profiling and therapeutic interventions tailored to enhance employee well-being and organizational resilience. This retainership also includes access to specialized training programs in Predictive Policing Analytics, Defence Management, Transnational Organized Crime, and Applied Criminal Psychology, designed to equip leadership and security teams with cutting-edge skills. By integrating innovative methodologies and fostering a dynamic understanding of criminology, we help organizations proactively manage risks, cultivate a healthier work environment, and address contemporary challenges with advanced psychological and criminological strategies.

Defence: Battlefield Management System

Crimeophobia's Battlefield Management System Retainership offers corporate clients a strategic approach to managing conflicts and enhancing security through cutting-edge Psychological Warfare techniques. Designed for application in diverse settings, including border areas, homeland security, corporate environments, and domestic operations, this service integrates Security and Legal Audits with advanced tools like Predictive Policing, Analytical Techniques, and Extra-Sensory Perception. Drawing from multidisciplinary expertise across Legal, Security, Media, Education, and Research verticals, this retainership equips organizations to address complex challenges with precision and foresight. Complementing this service, Crimeophobia Think Tank, provides insights into real-world cases and strategic perspectives, while Crimeophobia Publications delivers curated resources, including books and research papers, to deepen organizational understanding of criminology and conflict resolution. This holistic retainership empowers corporate clients to proactively manage risks, strengthen resilience, and navigate challenges with innovative, evidence-based strategies.

CSR Retainership: Ministry of Happiness Partnership offers corporate clients a meaningful opportunity to align their Corporate Social Responsibility (CSR) initiatives with impactful programs that promote societal well-being and crime prevention. Guided by our Founder and Criminologist, Snehil Dhall, and supported by our dynamic Board of Advisors, we operate as a multidisciplinary Think Tank addressing complex conflicts and victim support through innovative solutions. The Ministry of Happiness focuses on empowering victims via Integrated Criminology Education and Vocational Training Programs, enhancing positive youth development, quality education, and rehabilitation efforts. Pro Bono cases handled by Crimeophobia are directly supported through this retainership, ensuring tailored assistance aligned with victimology requirements. By contributing to these initiatives, corporate partners can play a pivotal role in reducing crime, fostering societal happiness, and creating safer communities. Your support through donations or CSR funding can drive transformative change, making a tangible impact on individuals and society while reflecting your organization's commitment to a brighter, crime-free future.

Words from the Founder

At Crimeophobia, our vision is rooted in a singular goal: to empower organizations and communities with the tools and insights needed to navigate the complexities of modern challenges. Since our inception, we have been dedicated to pioneering innovative solutions that merge the art of criminology with cutting-edge technology and multidisciplinary expertise.

Our retainership services—spanning Security & Legal Audits, Criminal Psychology Profiling, and Battlefield Management Systems—are designed to address a wide spectrum of risks with precision and foresight. These services go beyond traditional approaches, leveraging advanced methodologies to ensure compliance, resilience, and safety in an ever-evolving world. By blending cultural understanding, psychological expertise, and criminological strategies, we deliver tailored solutions that foster thriving environments for individuals and organizations alike.

Crimeophobia’s strength lies in collaboration, and at the heart of this collaboration is our esteemed Board of Advisors. This distinguished panel comprises experts from diverse fields, including law, security, psychology, governance, and technology. Each member brings a wealth of knowledge and experience that not only guides our strategies but also ensures that we stay ahead of emerging trends and challenges. Their collective wisdom, combined with their dedication to our mission, has been instrumental in shaping Crimeophobia into a globally recognized leader in criminology-driven solutions.

As we move forward, our commitment remains unwavering: to create safer, happier, and more resilient societies. Together, with our advisors, team, and clients, we are building a future where security, compliance, and progress go hand in hand, ensuring that no challenge is insurmountable and every opportunity is within reach.
